Centuries of Use

Green tea has graduated from the teapot to the medicine chest as science has shown its wide-reaching effectiveness in addressing concerns ranging from sunburn to life-threatening problems. Research conducted in the last 20 years has confirmed that green tea, known primarily as a pleasant beverage around the world, contains a long list of very impressive phytonutrients that traditional healers have been tapping into for centuries.

What is “nanized” green tea?

The word “nano” means very, very small. A “nanized” concentrate of green tea contains grade 10 green tea that has been “nanized” or pre-digested into very, very small particles which makes them extremely bio-available. Even those with poor digestion can rapidly absorb the “nanized” green tea. Super Nano-Green Tea™ really demonstrates the power of the old saying, it’s not what you take, but what you absorb that makes the difference.

all of green tea’s powerful benefits not just for those with good digestion and absorption, but for literally everyone. It is the first nutraceutical preparation designed to assure absorption of the full spectrum of green tea’s awesome polyphenols. Using only quantum-state quality, organic green tea that has been “nanized” (i.e. pre-digested into extremely small particles), Super Nano-Green Tea™ is rapidly absorbed into the blood stream where it immediately goes to work. Even those with poor digestion can enjoy the full benefits of Super Nano-Green Tea™’s highly bio-available nutrients. No other form of green tea can offer such a quantum boost in phytonutrient bioavailability and quality.

Green Tea vs. Black Tea

Green tea has become famous for its spectacular benefits in comparison with black tea. What’s the difference between green tea and black tea? Although both teas come from the same plant (*Camellia sinensis*), it is the processing that makes the key difference. Green tea leaves (harvested as young, healthy, dark green leaves) are steamed to prevent them from fermenting, keeping their green color and potent phytochemi-
